# Welcome to Ash Lodge Care Home with Nursing

Ash lodge is located in Sandwell, just a 15-20 minute drive from Edgbaston, Harborne, Quinton, Bearwood, Oldbury and Halesowen.

We offer General Nursing, Respite care, step down beds and we are Palliative Care Specialists.

## Wrapping care around you

We are caring for someone special, and we strive every day to create a warm, joyful atmosphere and a strong sense of community and purpose.

Our rigorous assessment procedures and care planning systems allow us to understand and meet our residents personal and care needs. We regard our partnership with the family an essential part of being able to deliver effective care.

## Feels Like Home

We encourage our residents to bring along their personal items in order to make their rooms feel more homely. Our Activities team organises small group and one-to-one activities, outside entertainment and events all tailored to the residents' backgrounds and interests. From art classes to gardening, from light exercise to music therapy, each day is an opportunity for new experiences and cherished memories.

## Trust us to care

Our Care Home is family owned and run. The Directors, Managers and our professional team are passionate about providing exceptional nursing care 24 hours a day, 365 days a year within a modern but homely environment, just as we have done for more than 30 years.

# Modern, welcoming and decorated to a high standard

Our bedrooms are modern, welcoming, and decorated to a high standard and the majority have en-suite facilities. Free Wifi is provided throughout the Home.

## Reviews from relatives of our residents

“Wonderful place, I couldn’t wish for my mom to be in a nicer home”.

JS (Daughter of resident)

“Words cant describe how amazing Ash Lodge have been”.

Derek T (Husband of resident)

“The staff and management are the best team, caring, friendly, compassionate, helpful and kindest bunch of people I have ever met.

Knowing I can sleep at night, knowing my mom is in safe hands and being cared for by this amazing team is beyond compassion for human life and their caring dedicated nature”.

Sue W (Daughter of resident)

# Why choose Ash Lodge Care Home?

## ✓ Live with Dignity

## ✓ Holistic approach to care

All residents are unique and have the right to participate in the decisions affecting their care and welfare. We strive to meet their physical, social, emotional and spiritual needs in a non-discriminatory setting and encourage the maximum level of health independence, coping skills, self-confidence, social interaction and friendships.

## ✓ We care

Our dedicated staff are more than just caregivers—they are companions who share in your joys, listen to your stories, and understand your needs. Together we foster an atmosphere of friendship, respect and love.

## ✓ Extended visiting times

Extended visiting times up to 8pm daily unless by special arrangement with the Manager.

## ✓ Religious services

We encourage representatives from all religions to visit and perform services.

## ✓ Mealtimes

Mealtimes are a social occasion. We accommodate modified diets and a variety of cultural meals.

## ✓ Activities and entertainment

There is an extensive programme of one-to-one and full group activities. The Activities team regularly meets with our residents to find out what they would like to see.

## ✓ 24/7 peace of mind in a safe and secure environment

We encourage social interaction and friendships, and you can be assured that your loved ones will receive 24 hour quality care, 365 days a year. We fully understand that our families are on the care journey with their loved one and we are happy to offer support and advice to them as well.

## Helen Wilcox MANAGER

### Call Helen to arrange a meeting

I'm here to help you find care for your loved one

"I fully recognise that it is a difficult decision to move a loved one into a care home. I am here to support you to make the best decision for you. It starts with a conversation to assess your loved ones care needs, likes and dislikes and to determine whether we would be a good fit for you.

I am happy to answer any questions and concerns you may have as a family. I would then do an assessment and calculate the cost of care and discuss how the funding works and how I can support you further".
